**Subject:** RE: Environmental Indicators: HENC and HEID  
**Attachments:** HEID Paragraphs 01\_22\_2018 Paragraphs.docx

Apologies, but a correction from my email below. The HEID (Insufficient Data) paragraphs were sent out on 1/8. (The HENC's were on the 2<sup>nd</sup>.) I'm attaching the most recent version of the HEID paragraphs to this email.

Rebecca/Bill – I have one question on Bonita for you in the attachment. Others...please get me your comments! Note, please let me know right away if a site is going to change from HEID to either HENC (Not Under Control) or HEUC (Under Control). We will need to complete a new worksheet AND, if it is changing to HENC, a new paragraph.

Thanks

Fran

**Subject:** Environmental Indicators: HENC and HEID

Hi Betsy, Sandy and Bill...in addition to Environmental Indicators being on the DD call on Tuesday, I've heard from my HQ counterpart that they are revising the HQ website to make the HENC and HEID paragraphs more visible. Please remember that the version of the HENC paragraphs that you are reviewing (without the newer comments/track changes in response to Patrick's questions) ARE already published and on the website.

The current thinking, according to my HQ counterpart, is: "The Administrator's Office and OLEM management recently decided that they would prefer to pursue the creation of a dynamic public HENC list, rather than use the static list with a press release that we had compiled in December. The reason being that (as you know) the statuses for these sites change and we can easily link a dynamic list of sites to each public HEID/HENC paragraph and each site profile page so that viewer will have detailed information about each site."

I suggest we make any final changes needed to the HENC paragraphs very quickly since whatever is currently approved in the system is what will be released on this revised webpage. Do you know the status of Patrick's review/comments?

I sent the HEID paragraphs to Bill and the first line supervisors on January 2<sup>nd</sup>, and I've heard back only from Rebecca on Bonita. After I get comments from Bill and the first line supervisors for the remaining site, please advise whether you (Betsy and Sandy, or ?) will want to see these prior to release. If so, I need and comments from Bill and the first line supervisors immediately as well. As mentioned above, there are existing versions of the HEID paragraphs already viewable to the public.

I will re-send the HEID paragraphs to Bill and the first-line supervisors in a few minutes.

Please let me know if you have questions. Thanks!

Fran
